

CHILDREN'S MIRACLE NETWORK GRANT AWARDS

WINTER 2023

Donations from corporate partners, community members, and Corewell Health East employees (the new name for Beaumont) made it possible to award \$1.7 million to support 70 pediatric programs throughout the Corewell Health East System in February, 2023.

Initiatives are identified by Corewell Health East nurses, physicians, and clinical leaders as they work every day to enhance and deliver compassionate, exceptional care to our pediatric patients.

Children's Miracle Network grants positively impact more than 200,000 Southeast Michigan children annually.
