

## ABOUT BEAUMONT, WAYNE

Compassionate, extraordinary care every day

Beaumont, Wayne opened its doors in 1957. This 185-bed, full-service acute care center is the only one in the Wayne, Westland, Garden City, Canton, Inkster and Romulus area verified by the American College of Surgeons as a Level III Trauma Center and certified by The Joint Commission. The hospital has a longstanding partnership with Detroit Metropolitan Airport and the Centers for Disease Control and Prevention to handle a variety of health and communicable disease concerns.

## SPECIALTY SERVICES

**Bariatric Services** – accredited by the Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program. Board-certified surgeons specialize in the latest minimally invasive approaches to modify the gastrointestinal tract to help patients with long-term weight loss and better quality of life. Services are coordinated with the Canton Weight Control Center.

**Heart and Vascular Services** – emergency and elective cardiac interventions including angioplasty; a cardiac catheterization lab; Peripheral Vascular Intervention with possible Angioplasty; Pacemaker implants; Cardioversions, Transesophageal Echo(tee), implantable Cardioverter defibrillators/revision; Catheter Guided Local Thrombolysis (EKOS), 7 for \$70 heart and vascular screening and non-invasive imaging including Coronary CTA, and cardiac and pulmonary rehabilitation services. Diagnostic and interventional vascular procedures also available.

**Imaging Services** – technologically advanced MRI, including the only open MRI in the area; diagnostic X-ray services, 64-slice CT scanning and cardiac CT angiography.

**Emergency and Trauma Center** – board-certified emergency medicine physicians; fast track service for rapid assessment and care for less urgent conditions; advanced life-saving procedures.

**Surgical Services** – an array of general and specialty procedures; minimally invasive treatments; advanced computer-integrated operating suites for robotic and laparoscopic procedures. Beaumont, Wayne performed the first Aquablation procedure for enlarged prostate tissue removal in Michigan.

**Lung Nodule Clinic** – provides early diagnosis and expedited care for pulmonary nodules after physician review. Care plans are developed using a multidisciplinary approach, and a nurse navigator is available to facilitate care.

**Cancer Infusion Center** – medical oncology services including inpatient and outpatient infusion therapy, chemotherapy and other cancer therapies.

**Women's Health Services** – The Beaumont Breast Care Center, Wayne maintains a top ranking in patient satisfaction scores and features digital mammography, tomosynthesis, 3-D imaging, stereotactic and ultrasound-guided breast biopsies, breast ultrasound, bone density testing and a breast care nurse navigator to help patients feel at ease in a home-like setting.

**Family-Focused Birthing Center** – private birthing suites for labor, delivery, recovery and postpartum.

**Rehabilitation Services** – routine and emergent care for both inpatient and outpatient rehabilitation therapy, including treatment for traumatic injuries, stroke, spinal disorders and brain disorders. The unit also provides therapies for patients recovering from other treatments and includes home oxygen and pulmonary function testing.

## DISTINCTIONS (certifications, accreditations, etc.)

- The Laboratory at Beaumont, Wayne is certified by the College of American Pathologists.
- Radiology is accredited through the American College of Radiology in multiple modalities.
- The Wayne Breast Care Center is designated as a Center of Excellence by the American College of Radiology.
- The Cardiac Cath Lab received Elective Percutaneous intervention CON approval through Corazon Accreditation.

## COMMUNITY INVOLVEMENT

**Diabetes Prevention Program** – a national program in partnership with the Centers for Disease Control supporting healthy lifestyle changes for adults with pre-diabetes or at risk of developing type 2 diabetes.

**Diabetes Personal Action Toward Health (PATH)** – a national program in partnership with the National Kidney Foundation of Michigan, providing skills and tools to enhance a participant's ability to manage type 2 diabetes.

**Healthy Communities, Wayne and Westland** – a multi-year initiative that integrates and coordinates primary care, public health and community interventions to improve population health and reduce health care costs.

**Child and Adolescent Health Centers in Romulus and Wayne/Westland** – provide expanded access to primary health care, mental health services and health education for children and teens in underserved communities.

**Project SEARCH** – in partnership with the Romulus School District, Beaumont, Wayne offers the Project SEARCH High School Transition Program for students with special needs, providing internships combining total workplace immersion with classroom instruction.
