EVENT MARKETING MATERIALS REQUIREMENTS FOR ACCREDITED CE EVENTS

IMPORTANT REMINDERS

- All advertising and recruitment materials must be reviewed and approved by the CME department **prior** to printing/distributing. We recommend you provide initial drafts for review prior to completing the design and layout process.
- If advance authorization is not obtained and there is an error in, or omission of, any of the required elements of the printed promotional materials, the CE department **may require the materials to be corrected and reprinted and disseminated at your expense**. This includes printed brochures, flyers, announcements (U.S. mailed or emailed), "save the date" cards and/or posting to websites. Send proposed text and/or preliminary draft materials to your assigned CE contact.
- The statement, AMA PRA Category 1 Credit(s)[™], is a trademarked statement of the American Medical Association (owner of the CME credit system) and must be used verbatim every time that it appears in a publication; it is NOT permissible to publish or announce that "AMA PRA Category 1 Credit(s)[™] has been applied for" or "CME credits are pending". No mention of CME credit can be mentioned until official approval has been awarded.
- Confidential Registrant Information: information on the identity of learners (participants, registrants) at Beaumont CME activities is the confidential property of Beaumont. Information on learners will only be released to third parties when learners have prospectively authorized the release of this information.
