Awards/ Grants/ Accomplishments

**Michigan State Medical Society (MSMS)
Foundation Annual Scientific Meeting 2012,
1st place poster competition: Clinical Medicine & Vignettes.**
“Sleep Architecture Patterns in Enuretic Children with OSA”. Troy, MI (Oct 25, 2012). I was awarded 500\$ from the MSMS for the above research. This competition involved over 100 posters from all medical fields for the state of Michigan.

AAO-HNS/F Resident Leadership Grant for 2012 AAO-HNS/F – I was awarded a \$500 leadership grant to attend the 2012 Annual Meeting in Washington, D.C.

Society for Pediatric Urology (SPU) Annual Research Grant 2012 - 2013 –
L. Kovacevic, **P.J. Thottam**, D. Madgy, I. Abdulhamid, Y. Lakshmanan:

“Is Adenotonsillectomy the Therapy of Choice for Enuresis in Children with Sleep-Disordered Breathing?” – Kovacevic was awarded a \$30,000 grant by the SPU for ongoing research evaluating nocturnal enuresis resolution after adenotonsillectomy, together we have continued to work and developed research on this topic.

American Medical Student Association (AMSA) Grant Recipient for 2006 - For my work during my AMSA Fellowship OUCOM received a \$250 grant from AMSA in my name for end of life (EOL) and palliative medicine curricula changes. There were over 100 applicants for 5 positions.

OUCOM High Honors (2005 – 2009) MS I & II, I scored with in the top 20% on my exams for Blood and Immunity Block, Dermatology Block, CV Block, Respiratory Block, and Endocrinology Block.

As an MS III & IV, I received top 10% (this is given to the top 10% of students that a preceptor has ever worked with) from my preceptors in family practice, general surgery, internal medicine, otolaryngology/ head and neck surgery 4xs, and geriatrics at various institutions such as; Fairview Hospital, Doctors Hospital, Metro Health Hospital, South Pointe Hospital, Cleveland Clinic, Detroit Medical Center and Affinity Medical.

John Carroll University – Cum Laude – graduation 2004

John Carroll University Dean's List (multiple times) (12/2000 to 06/2004)

I received the Dean's List Award during Fall of 2000, Spring 2001, Fall 2001, Fall 2002, Spring 2003, Fall 2003 & Spring 2004. The Dean's List requires an average of 3.5 and above.

Research Experience

Principle Investigator of Site for FDA-Phase 3b

Oto-201 (Otiprio)

- An 8-week, prospective, multicenter, open-label study of OTO-201 given as a single administration in pediatric subjects with a history of otitis media requiring tympanostomy tube placement.
- We organized, recruited and reported the results of 20 patients for this study.
- We were one of fastest sites to meet our goal of 10 patients in which we were then asked to recruit another 10.
